

To help support your writing in tomorrow's lesson, I would like us to re-cap what adjectives are.

- 1) An adjective is \_\_\_\_\_.
  
- 2) Look around your home and pick 6 different items (try to make them as different as possible e.g. clothes hanger, soap dispenser, folk, exercise book etc.)
  
- 3) Draw the items below and label them (consider: size, material, shape etc.)

- 4) Write a description of each item making sure you do not use its name in the description.  
Please use as much space as you need (incl. going onto the next page!)

- 5) Re-read your descriptions (or even better ask someone else to read it). Just from your description alone, can someone guess what your objects are?
