

Good morning/ afternoon Green Class,

We are half-way through our work where we are exploring your family's history.

Today I would like you to look at where your family have lived. For many of you this may be more than one place and may not be in England or even the UK! Therefore, I would like you to focus your attention on one town or city.

Use the following guidance to help your research:

- Where do/ did they live (name of the road, town, county, country, continent)? For each one you may wish to include any of the following:
- Location e.g. provide a map
- Landmarks e.g. statues, bridges, rivers etc.

Now that you have completed your research, think about how you would like to present this information e.g. poster, leaflet etc. You may want to use some of your Design and Technology (DT) skills here and make a model of the place. Alternatively, I know many of you are very tech savvy therefore, could you create a model on the computer? Whatever you decide, remember this is a mini project so each task will be collated together at the end.

Enjoy!
