

Green Class English

15.5.20

Good morning/ afternoon Green Class,

Happy Friday!

Today is our final lesson on genealogy.

I would like you to look over your work from the last few days and start arranging the work together. Remember I said earlier in the week you could present it how you wish (PowerPoint, poster, leaflet, booklet) but I would still like to read it.

Spend some time today arranging your project. You may also decide that you wish to include more information e.g. photographs etc or amend some pieces of work. Please do so, that is absolutely fine. .

Once your project is finished, I would love to read it so please send it to me in the usual way: green@margaretroper.croydon.sch.uk

I hope you all have a fantastic weekend when it arrives.

Stay safe.
