

20.5.20

Good morning/ afternoon Green Class,

So today is the day you are going to bring your fable to life.

Don't forget to email me your completed fable to: green@margaretroper.croydon.sch.uk.

Task 1

Re-read your plan from yesterday's lesson. Are you happy with it? If not, now is your chance to change it.

Task 2

Once you feel confident that you know what you want to write, start writing your fable.

Don't forget:

- 1) Give your fable a title- although this may be at the end once you have finished your writing.
- 2) Use the same structure as your plan: introduction, problem, quest and resolution.
- 3) To punctuate your work: if you are writing a narrative you will need to include dialogue so " " (speech marks). Or if you are presenting your fable as a comic you may include speech bubbles etc.

Task 3

Go back and re-read your fable from start to finish. If possible, you may want to have a different coloured pen/ pencil so you can edit (change) your work as you are reading.
