

Monday 11th May 2020

WALT: To be able to use the words **first, then, now** to tell a Maths story.

Warm up: Watch or if you have the book at home read 'Mr Gumpy's Outing'

https://www.youtube.com/watch?v=Mj_DV_DWN8M – Mr Gumpy's Outing, a story read for students – Teacher's Notes.

If you have a boat and 12 people/ animals (Mr Gumpy, 2 children, 1 rabbit, 1 cat, 1 dog, 1 pig, 1 sheep, 2 chickens, 1 calf and 1 goat) then you can use those to represent the characters from the story. If not, you can print out the stick puppets.

Today I would like you to tell a Maths story, based on 'Mr Gumpy's Outing', using the words **first, then, now**. For example:

First there was one person, Mr Gumpy, on the boat.

Then 2 children got on the boat.

Now there are 3 people on the boat.

Continue until you have included all of the animals in the story.

How many characters ended up on the boat?

Next watch the following clip:

<https://www.youtube.com/watch?v=WjVJ9ytVT90> – Mr Gumpy's Motor Car – John Burningham-Orange Blossom Children's Library.

How many characters ended up in the motor car? #

Extension: Using your toys or items around your house, see if you can tell a Maths story.
