

Monday 4th May 2020.

WALT: To make simple patterns.

This week we are thinking about VE day which took place on 8th May 1945 and we are going to link this to repeating patterns.

Watch the clip below to remind yourself of pattern:

<https://www.youtube.com/watch?v=PxGEcfyD49U> – Patterns and colours children's songs – Patty Shukla.

First you will need to complete the repeating patterns worksheet or you can make a repeating pattern using your toys/ items from around your house.

Next I would like you to design your own tablecloth for your VE day party with your cuddly toys and household family members on Friday.

You can either do a simple repeating pattern or make it more complex, you decide.

I look forward to seeing your creations and I look forward to seeing you tomorrow during our Zoom chat.
