

Tuesday 19th May 2020

WALT: To be able to take away.

Warm up: Use playdough to make 10 sausages. Next sing the song 'Ten Fat Sausages', taking two away each time. How many do you have left now?

<https://www.youtube.com/watch?v=bZIODIYtkiM> – SING with CBeebies – Ten Fat Sausages

If you have an outside area and chalk then you could do this activity outside, if not you can write numbers on paper and complete it inside.

Create a countdown game by chalking numbers 0-10 which lead towards a rocket. Use a dice 1-3 or the random number generator <http://numbergenerator.org/randomnumbergenerator/1-3> Once you have your number you jump that amount starting at 10, heading towards 0. The first to reach the rocket shouts blast off to win the game.

Extension: Write your number sentences down e.g. $10 - 3 = 7$ etc.

Finish by watching Numberblocks – Subtraction – Learn to Count
