As you watch the video taken at the London 2012 Olympics, you can focus on any of the events that you see. Today, you have the choice of 5 different activities. Which will you choose? We only expect one to be completed, but if you want to do more, feel free!

1. Commentate over the video, use a media merge program to record your commentary over the film.
2. Write a recount as if you were there to witness it.
3. Write an internal monologue for one or more of the athletes, how are they feeling, what are they thinking? Is this different for the different athletes?
4. Write a newspaper report of the event.
5. Interview Bolt and Blake after the 200m Mens' final - how do their responses differ?
Maybe Blake is saying one thing and thinking another.

Good luck!
