

9th and 10th July 2020: Please spend the next two days completing the following Geography project (this will count as your English work for the next two days too!)
Please note: this task has been inspired by the work you have already been doing in English so make sure you use all of your skills. Enjoy!

1) Select a seaside town of your choice in the UK. It can be one that you have already visited or one that you would like to visit.

2) Research this seaside town and find out why tourists (incl. you) may want to visit e.g. costal landmarks, culture, shops etc.

3) Using your research, create an advertisement this can be print (leaflet, poster, PP etc.) or film e.g. a trailer, which showcases why tourists should visit your seaside town of choice. Do not forget to include persuasive language.

Please send me a copy of your finished work in the usual way: green@margaretroper.croydon.sch.uk

My research on _____.

Costal landmarks:

Other reasons why tourists should visit
(e.g. historical):

Culture:

Location:

Reasons why tourists should visit _____.
