

WALT: To use language to describe length.

Wednesday 8th July

Warm up, Watch: https://www.youtube.com/watch?v=8zEBPr_x-ig - Long and Short | Harry the Bunny | BabyFirstTV

Today we are going to learn about width. We are going to find out if some items are long or short. I would like you to go on a long and short walk. Firstly, get yourself a pencil, next see if you can find some items that are longer and shorter than your pencil. You can either write a list of the objects that you find or you can draw a picture of the items that you find.

Lastly use some items in your home e.g. playdough, straws, wool etc to make some different sized snakes. Next see if you can order the snakes from shortest to longest. I would love to see a picture of your work so do not forget to send it to me!
